Trick or Treat

You have discovered the secret tomb of Tim the Loon, a once powerful but...unhinged sorcerer. In his final years he developed a sweet tooth and gathered together the greatest

collection of treats in all the lands. In his tomb he trapped the spirits of his foes in an endless vigil, guarding his collection until he could return to the land of the living...

NOTES:

The two Mummy miniatures are not placed on the board as normal, instead they are placed one each when the first and second treasure chests are opened; the Dungeon Master may choose in which order to place each Mummy.

Treasure Chests

Any Hero player who opens a treasure chest receives a suitable treat.

Searching for Treasure

Hero players may search for treasure as normal but if they draw a treasure card they instead receive a treat. However, if they draw a Wandering Monster card...then the spirit of Tim the Loon burst through the wall and steals back one of the Hero's treats!

The Hero players may search the dungeon for as long as they wish...but each room can only be searched once!
